

Alizee Artificial Grass

Product Overview

ALIZEE Artificial Grass offers a well-balanced surface that combines a natural appearance with everyday durability. Designed for gardens, landscaped areas, and general outdoor use, it provides a soft yet resilient finish that stays neat with minimal upkeep throughout the year.

Key Features

- **Natural Look & Texture:** Diamond-shaped yarn combined with curled fibres creates a realistic finish.
- **Comfortable Underfoot:** 40mm pile height provides a soft and cushioned feel.
- **UV Stabilised:** Helps maintain colour and performance over time.
- **Low Maintenance:** No mowing, watering, or fertilisers required.
- **Water Permeable:** Designed to allow efficient drainage after rainfall.
- **Family Friendly:** Suitable for children and pets in everyday use environments.

ALIZEE Artificial Grass is manufactured using PE diamond-shaped yarn with PP support fibres, offering a combination of structure and softness. Its design supports both visual appeal and long-term usability across different outdoor settings.
