

Prato Artificial Grass

Product Overview

PRATO Artificial Grass offers a fuller, more cushioned surface while maintaining a neat and natural appearance. Designed for gardens, landscaped areas, and everyday outdoor spaces, it provides a comfortable and durable alternative to natural turf with minimal maintenance required.

Key Features

- **Full & Natural Appearance:** Diamond C-shaped yarn combined with PP fibres creates a dense, realistic finish.
- **Soft Underfoot:** 40mm pile height provides added comfort for everyday use.
- **Durable Construction:** Suitable for regular foot traffic and family use.
- **UV Stabilised:** Helps maintain colour and performance over time.
- **Low Maintenance:** No mowing, watering, or fertilisers required.
- **Water Permeable:** Backing supports effective drainage after rainfall.

PRATO Artificial Grass is manufactured using PE diamond C-shaped yarn with PP support fibres, offering both structure and softness. Its increased pile weight and density contribute to a fuller look while maintaining durability.

Technical Specifications

Yarn Type	PE (diamond C-shape) PP	Pile Weight	2120 gr/m ²
Gauge	3/8"	Total Weight	3420 gr/m ²
Stitch/10cm	17	Pile Height	40mm
Density	17850 points/m ²	Backing	UV resistance PP cloth & non-woven fabric
Dtex	12400	UV stability:	meets DIN 53387 standard (6000)

Installation Guidelines

1. **Prepare the Base:** Ensure a firm, level, and well-drained sub-base.
2. **Lay the Grass:** Roll out in the same direction for a consistent finish.
3. **Trim to Fit:** Cut edges carefully to match the required area.
4. **Join Seams:** Secure joins using adhesive or seaming tape.
5. **Apply Infill (Optional):** Add silica sand for improved stability and support.
6. **Brush & Finish:** Brush fibres upright to achieve a natural appearance.

Summary

PRATO Artificial Grass provides a comfortable and durable solution for outdoor spaces that require a fuller, more cushioned surface. With its natural appearance, strong construction, and low-maintenance benefits, it is well suited for gardens and landscaped areas. Designed for everyday use, PRATO offers a reliable and long-lasting alternative to natural turf.
