

Magic Artificial Grass

Product Overview

MAGIC Artificial Grass offers a soft, natural-looking surface suited to both residential and commercial settings. With a balanced construction and added antibacterial properties, it provides a practical, low-maintenance option for spaces that need to stay comfortable and hard-wearing in everyday use.

Key Features

- **Natural Soft Finish:** C-shaped and curly yarn blend creates a realistic look with a comfortable feel underfoot
- **Antibacterial Properties:** Helps reduce odours by limiting microbial build-up
- **Sustainable Yarn:** Made from low-odour, low-pollutant materials
- **Weather Resistant:** Performs well in UV exposure, cold conditions, and higher temperatures
- **Low Maintenance:** No mowing, watering, or fertilisers required
- **Versatile Use:** Suitable for gardens, public areas, pet zones, and relaxation spaces

MAGIC Artificial Grass is designed to balance comfort with practicality, making it suitable for everyday use while keeping spaces looking clean and well kept.

Installation Guidelines

1. **Prepare the Base:** Ensure a level, stable, and well-drained sub-base.
2. **Lay the Grass:** Roll out in a consistent direction for an even finish.
3. **Trim to Fit:** Cut edges carefully to match the area.
4. **Join Seams:** Secure joins using adhesive or seaming tape.
5. **Apply Infill (Optional):** Add silica sand for added support and stability.
6. **Brush & Finish:** Brush fibres upright for a natural look.

Summary

MAGIC Artificial Grass provides a soft, versatile, and low-maintenance surface for a wide range of environments.

With its antibacterial features, reliable weather performance, and comfortable finish, it works well across gardens, shared spaces, and specialist areas such as pet or relaxation zones. A steady, dependable alternative to natural turf.
